

SIVARANJAN DINATH

Aspiring Data Scientist

Colombo, Sri Lanka — +94 757241062 — sdinath0528@gmail.com — github.com/Dinath2002

Professional Summary

Motivated Data Science and Software Engineering student with hands-on experience building real applications using Python, Django, Kotlin, PHP, and SQL. Strong foundation in algorithms, data handling, and AI fundamentals with practical exposure to full-stack development and mobile app design. Certified by Google in AI Essentials and Responsible AI. Eager to contribute to real-world projects, learn from industry engineers, and deliver reliable technical solutions.

Skills

Programming: Python, Java, PHP, JavaScript, HTML, CSS

Tools: Django, Kotlin, Jetpack Compose, Git, GitHub, VS Code, PyCharm

Databases: MariaDB, MySQL, SQLite

Platforms: Linux (Fedora, Arch, Ubuntu), Windows

Professional Experience

Banking Trainee

Feb 2024 – Jun 2024

People's Bank, Chenkalady

- Assisted 80+ customers daily, improving service efficiency and reducing wait times.
- Maintained financial records with 100% accuracy to support audits and weekly reporting.
- Enforced compliance with KYC/AML regulations, lowering operational errors.
- Prepared weekly financial summaries used for branch decision-making.
- Mentored 5 new trainees, improving onboarding efficiency by approximately 20%.

Projects

Online Auction & E-Commerce System (Python, Django, SQLite, MariaDB)

Aug 2025 – Dec 2025

- Built a full-stack auction and e-commerce system used by 100+ test users.
- Optimized backend workflows, reducing database load and improving response speeds.
- Engineered secure authentication, bidding logic, and a session-based cart system.

Complaint BOX – Digital Complaint System (PHP, JavaScript, MariaDB)

May 2025 – Nov 2025

- Established handler workflow processes that reduced complaint review time by 30%.
- Enabled scalable 15MB multimedia uploads for improved evidence submissions.
- Managed 50+ user accounts across multi-role access levels during testing.

Student Event Management System (HTML, CSS, JavaScript, PHP, MariaDB)

Nov 2025

- Built a responsive event management platform supporting 100+ event records.
- Designed a dark-themed UI that reduced navigation steps by 40%.
- Delivered robust login functionality handling 500+ simulated logins without failure.

MindWords – Android Word Guessing Game (Kotlin, Jetpack Compose)

Oct 2025

- Developed a word-guessing game with 200+ playable words and adaptive difficulty modes.
- Integrated a real-time leaderboard API achieving sub-200ms update latency.

Education

NDT in Information Technology

2025 – 2028 (In Progress)

Institute of Technology, University of Moratuwa

BIT (External)

2024 – 2027 (In Progress)

University of Moratuwa

Diploma in IT (Merit)

2022 – 2023

ESOFT Metro Campus

Diploma in English (Merit)

2022 – 2023

ESOFT Metro Campus

Physical Science Stream (O/L & A/L)

O/L 2018: Mathematics (A), Science (A), English (B)

A/L 2022: Mathematics (C), Physics (S), Chemistry (S), English (C)

Certifications

Google AI Essentials – Specialization (2025)

Java Fundamentals (2025)

Java Intermediate (2025)

Python for Beginners – University of Moratuwa (2025)
